

Pre-kindy (3 year old kindy)

Our pre-kindy program was established over 20 years ago and is well respected within the community for preparing children to enter formal education. We often have a play-based program that is based on the early years learning framework and adheres to the National Quality Standards. Our program offers a balance of child-led activities and international learning provocations. Children are encouraged to practice and enhance their social skills by learning about turn-taking, sharing, and supporting others. Our program covers all developmental domains our aim is to ensure each child that attends develops into an engaged learner.

Our sessional program is run during school terms on days to meet community need.

Session time: 9.30 am – 2.00 pm. Cost is \$50 per session. Please contact the center for more information.
